

Model 250RH

Removable Hopper Coffee Grinder

Model 250RH-2

Grindmaster Corporation's 250RH-2 and 250RH-3, removable hopper grinders, offer fully automatic portion control, positive bean flow and precise portioning at all weights with all coffees, even oily dark roast and flavored varieties. The clear, easy to handle, removable hoppers allow the operator to offer a variety of coffee flavors just by switching hoppers. The hopper's bean exit port automatically closes when the hopper is removed from the grinder. These grinders offer precision grinding burrs for an accurate grind profile and fast grinding time every time to accommodate all brewing methods.

GRINDMASTER™
CORPORATION

250RH-2 / 250RH-3

Removable Hopper Coffee Grinder

Standard Features:

- Easy and accurate dispensing of all coffee roasts and flavored coffees
- Precise, consistent throws at all weights
- Large, clear, removable hoppers
- Portioning individually set for each coffee type
- Patented portioning system gives unit a wide dispensing range
- Large grinding burrs for excellent grind profile and fast grinding time
- Accommodates all types of brewing equipment
- Patented universal brew rails accept all brew baskets
- 1/2 HP motor with circuit breaker
- Grindmaster-Cecilware's exceptional warranty**
- Troubleshooting guide with toll-free service number affixed to back of each grinder
- **Special Burrs Assure Accurate Grind** - Grindmaster Corporation's world famous burrs are precision ground and lapped in pairs to provide an efficient uniform grind profile proven by RoTap. This results in the best profile and most consistent throw.

** Grindmaster-Cecilware's Warranty:

Burrs - 4 years parts (or 30,000 pounds of coffee, whichever comes first),
1 year labor; All other components - 1 years parts, 1 year labor
